EDUCATION

Kent State University, Kent, OH - BFA, Fashion Design

Minor in Entrepreneurship

September 2021 - May 2025

EXPERIENCE

Urban Outfitters, Philadelphia, PA- Design Coordinator

January 2026- Present

Acts as a liaison between the design team and vendors. Updates BOM's during each design process, creating and updating tech packs and line sheets in tradestone and Adobe XD, and assisting in the process of prepping for Sketch reviews, Finalization, and color assortment. I am also tasked with sending out packages as well as working with the print design team to send out artworks to vendors for samples.

Davids Bridal, Allentown, PA - Alterations Specialist

July 2025 - December 2025

Provide customer service to all customers, fit dresses and garments to customers and help provide styling tips to achieve the best fit for the customer, assist in the alterations process for all garments that are within the level I am assigned.

Christian Siriano, NYC - Summer Intern

June 2024 - August 2024

Acted as a liaison between the design office and the factories we sourced from, helped with a Vogue photo shoot, sourced materials from the garment district, hand beaded dresses, and machine sewed small parts of garments. I also helped set up and dress models for the 2024 Fall New York Fashion Week Show.

ELIE SAAB, Paris, France - Fashion Week Intern

July 2023 - July 2023

Helped dress models for fittings, helped with final looks for all garments, organized look boards for the collection and each individual model. Oversaw packing and transporting of the garments to the show location. I also helped set up and dress models at the 2023 Summer Paris Fashion Week Show.

Design Bundles - Pattern Maker

December 2022 - August 2023

Commissioned to design patterns by DesignBundles.com for resale on their online marketplace. I used CLO 3D to create the patterns and then used the Adobe Creative Suite applications, Illustrator and Photoshop, to package the print files for download.

Aerie, Aurora Farms, OH - Brand Ambassador

September 2022 - May 2023

Greeted customers at the door and assisted them with styling and fitting needs, performed bra fittings, helped to organize the storefront, and handled monetary transactions.

Microsoft Applications

Tradestone

PROJECTS

I Just Had to Say HELLO

– *Senior Thesis Collection*

This collection was inspired by the story of the day my grandparents first met. My grandmother was wearing a dress that zipped up the front and that little detail inspired my grandfather to introduce himself by saying “I think your dress is on backwards”.

I decided I wanted to design a collection with unique detail and eye-catching design while also being as sustainable as possible. I used 100% natural and re-purposed materials to complete this collection.
